Re: Print Debate Challenge

Dear Mr. Mastert,

As your Democratic challenger in Illinois' 14th Congressional District, I am convinced that we have a responsibility to discuss the issues that affect our country and our district. I would therefore invite you to participate with me in the online Print Debate (www.printdebate.com).

The Print Debate offers a new and unique opportunity to engage in an open discussion of the important issues affecting the people of the 14th Congressional District, including growing unemployment, need for universal healthcare and increased funding for education at all levels for Illinois citizens.

These are the big issues that face not only the district but our country as well, and our constituents deserve the opportunity to examine our views.

The print debate structure also provides a chance for our constituents to ask us questions directly. This will allow the voters of the district to have a clear understanding of our policies and our differing visions of the future.

According to the Print Debate terms & protocols, you have until October 3 at 5:00pm CST to respond to this debate challenge. The debate will be hosted on PrintDebate.com and will take place throughout the month of October.

Please contact Jonathan Firestein (415-516-2463) for further information.

I hope that you share my enthusiasm to engage in a real, substantive, discussion of the issues. I look forward to receiving your response in the next few days and hope you are willing to engage in open discussion of the issues affecting our district.

Sincerely,

Ruben K. Zamora, M.A.
