Mr. John M. McHugh  
Congressman NY 23<sup>rd</sup> District  
2333 Rayburn House Office Building  
Washington, DC 20515-3223

Dear Mr. McHugh,

I very much believe that we have a responsibility to discuss the issues that affect our country and our district. I would therefore invite you to participate with me in the online Print Debate ([www.printdebate.com](http://www.printdebate.com)).

The Print Debate offers a new and unique opportunity to engage in an honest debate on the important issues of health care, jobs, balancing the budget, protecting our air and water quality and our foreign policy. These are the big issues that face not only the district but our country as well and our constituents deserve an open exchange of ideas and solutions.

The debate structure also provides a chance for our constituents to ask us questions directly. This will afford the voters of the district to have a clear understanding of our policies and our vision of the future.

According to the print Debate terms & protocols, you have until Friday, October 1, at 5:00pm EST to respond to this debate challenge. The debate will be hosted on PrintDebate.com and will take place throughout the month of October. Please contact Joe Territo (415-289-0110) or Jonathan Firestein (415-516-2463) for further information.

I hope that you share my enthusiasm and willingness to engage in a real discussion of the issues. I will be looking forward to receiving your response in the next few days.

Yours truly,

Bob Johnson, MD
