Fax: 801.374.3020

Dear Mr. Cannon,

I am aware of several candidates' forums in our District that we have both been invited to, most of which you have declined to attend. In light of this, and in an effort to educate the voters of Utah, I would like to invite you to participate with me in the online Print Debate that negates the need for you to take the time to visit with the citizen of the communities in Utah's 3<sup>rd</sup> District.

As you may or may not be aware, a Print Debate offers a new and unique opportunity to engage in an honest debate on the important issues of our campaign. This debate format would offer the both of us a truly equal opportunity to express our positions and our plans to provide leadership in Congress; to debate the issues; and to clearly explain our platforms. The step-by-step process will allow each of us to ask questions of the other and follow up with rebuttals and responses to rebuttals.

The debate structure also provides an opportunity for citizens to ask questions directly. This will allow the people of Utah Congressional District 3 to have a clear understanding of our policies and vision for the future. I believe this format will encourage an open and in-depth exchange of political ideas, making us both accountable to the voters. The debate will be hosted on [www.printdebate.com](http://www.printdebate.com), and will take place throughout the month of October. If you wish to participate in Print Debate, the terms and protocols of the debate require that you respond to this letter by the *4th of October*.

If you have any questions, please contact Jonathan Firestein at (415) 516-2463 or John Connolly at (415) 289-0110 I hope you share my enthusiasm and willingness to engage in a real discussion on the issues—focused on substance rather than clichés, meaningless 30-second bumper sticker spots, and one-sided partisan statements that go unchecked. I will be looking forward to receiving your response and anticipate a constructive yet vigorous debate.

Warm Regards,

  
Beau Babka
